Dear Miss Parlow,

Please accept my belated although nonetheless sincere greetings for the new year, which I hope finds you well.

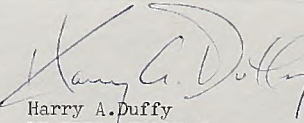

One of our Canadian customers during a recent visit here mentioned that he thought you might be seriously considering selling your Guarneri. If this is so we would be interested in hearing from you as to the price you expect to realize and any other pertinent information.

We do have several prospective buyers for a Guarneri del Gesu and I am confident that if we would undertake the sale of this fine instrument for you we would complete a mutually satisfactory transaction in a relatively short length of time.

I have not been to Toronto in some years but when I do have the occasion to be there I will certainly look forward to the pleasure of a visit with you.

With kindest personal regards,

Sincerely,

Harry A. Duffy
